

BE A RESPONSIBLE OUTDOOR RECREATION USER

Stop the Spread of COVID-19 With Good Habits and Forethought

Rivers and Trails are open throughout the valley to SUPing, Mountain Biking, Hiking, Kayaking, Rafting, Climbing, Fishing and Dirt Biking/Vehicle Travel.

RULES:

GO EXPLORE: Groups of up to 10 people are allowed to play outside so long as social distancing, proper hygiene and no one in your group is 60+.

KEEP YOUR DISTANCE: Social distancing must still occur on trails, during shuttles and in parking lots and trailheads.

EXPECT CLOSED BATHROOMS: Go before you go! Use Leave No Trace principles on trail and never use the river bank as a toilet.

COME PREPARED: Have your own food, water, clothes and gear so you don't have to share.

TAKE IT EASY: Medical support is extremely limited throughout the Gunnison Valley. Scrambling Search and Rescue teams makes it difficult for rescuers to stay socially distanced putting them at further risk.

KNOW YOUR FIRE RULES: Fires are currently banned in Gunnison National Forest, but allowed on BLM and County lands. Regardless, be careful, have water and a shovel on hand and don't burn when windy. Don't add additional burden to first responders.
